EMERGENCY PREPAREDNESS WEEK 2026

MAY 3 – 9, 2026

'Be Prepared. Know Your Risks!'

Step 1

KNOW THE RISKS

Knowing the risks specific to your community and region. The Municipality of Bayham is vulnerable to flooding near the Otter Creek and to other emergencies involving climate.

Step 2

MAKE A PLAN

Having an individualized emergency plan will help you and your family know what to do if disaster strikes. Consider special items as disabilities, medications, and pets. Do you have an alternative power source?

Step 3

GET A KIT

An emergency kit helps ensure you and your family are ready to cope on your own for at least the first 72 hours of an emergency. Learn what goes into a Basic Emergency Kit at www.GetPrepared.gc.ca

For more information go the Emergency Preparedness website at:
